

## MESSAGE

It gives me great pleasure to learn that the Central Vigilance Commission is observing 'Vigilance Awareness Week' this year from 26<sup>th</sup> October to 1<sup>st</sup> November, 2021 with the theme of "Independent India @ 75: Self Reliance with Integrity; स्वतंत्र भारत @ 75: सत्यनिष्ठा से आत्मनिर्भरता".

The mission of a self-reliant India is one that all the citizens of the country are working towards the ideals of integrity and ethics, as envisaged by Sardar Vallabhbhai Patel, remain integral in this journey that this great nation has undertaken towards self-reliance. It gives me great pride to see various initiatives that have been taken by the Central Vigilance Commission in their fight against corruption. I am certain that this will go a long way in bringing about an environment that reaffirms the inherent strength and resilience of our Nation. I call for all the citizens of this country to join in this fight against corruption.

I wish all the success for all such endeavours of Central Vigilance Commission.

(Dharmendra Pradhan)
