Message

I am happy to know that the Central Vigilance Commission is observing Vigilance Awareness Week this year from October 28th to November 2nd, 2019 on the theme “Integrity – a way of life”.

Integrity is the practice of being honest and showing a consistent and uncompromising adherence to strong moral and ethical principles and values. Trust, honour, and honesty are key elements to the concept of integrity. Besides, Probity and Integrity are the bedrock of good governance. To act with integrity is to ensure that every decision made is based on thoroughly transparent, ethical and moral principles. Maintaining integrity at work is crucial for employees as this fosters an open and positive work environment and an ethical approach to decision-making. It is important that the younger generation imbibes such values which helps build a strong nation.

I am indeed pleased to note that the Central Vigilance Commission is organizing Vigilance Awareness Week with a noble aim to bring awareness among the public about the ill-effects of corruption. I convey my best wishes for a successful Vigilance Awareness Week, 2019.
